Ambassador of St Paul Awards

This year our year 10's embarked on their Ambassador of St Paul Award. Through the Award they have developed elements of faith, hope and love in their lives. Throughout the year the girls attended Mass in school during advent and lent with their year 10 school mass being celebrated in Thornhill Chapel yesterday. They researched examples of faith, hope and love alive in the world today, had a visit from the inspirational Richard Moore from Children in Crossfire, raised funds for charity through their 3km sponsored and attended retreats in the Iosas Centre and Celtic Prayer Garden. Well done girls you certainly have been great Ambassadors of St Paul, may this award journey with you through life.

Certificates are distributed to each pupil in Year 10

awarded to Jenny for her commitment to her STEM Studies in Class and at the Junior Technology Club	
The STEM Aware Award for Excellence in Science	Ciara Irvine Caitlin Mc Caffrey Jessica Nicholl
The winning project in this year's Science Fair was entitled, " Vitamin C at Sea – A cost analysis of Vitamin C concentration against different brands of Orange Juice ". The girls were one of 33 projects from Year 10 that entered the annual competition. Each group decided on a research project which they completed and presented to a panel of judges from education, industry and business. The winning group produced a high standard of scientific research and presented their work in a clear, professional manner to the judges. Their answers displayed an excellent understanding of the work undertaken and they were deserving winners of this year's Science Fair.
